

Change my PSS contribution rate

Use this form if you are a PSS contributing member and want to change your contribution rate. You can change your contribution rate at any time to:

- any whole percentage rate between 2% and 10%
- 0%.

Remember:

- Your new rate takes effect on the day that you sign the form. If cut—off for that pay period
 has occurred, the next payday will either have arrears or an overpayment, depending on if you
 increased or decreased your elected percentage rate. You should sign the form and return it
 to your personnel section within a reasonable period of time.
- The maximum benefit you can accrue is limited to what you would have accrued had you
 contributed at 5% for ten years of your contributory service and 10% for the rest of your
 contributory service, plus any excess employee component.
- If you become entitled to invalidity retirement benefits, the accrual for any future service component takes your average percentage rate over the last three years into account.
