B Your investment strategy

Current switch

I want to change the investment strategy for my current super balance to:

Cash	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
Income Focused	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
MySuper Balanced	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
Balanced (Ancillary members only)	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
Aggressive	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
TOTAL	1 0 0	%

Future switch

I want to change the investment strategy for my future contributions, and any other amounts, to:

Cash	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
Income Focused	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
MySuper Balanced	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
Balanced (Ancillary members only)	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
Aggressive	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	%
TOTAL	1 0 0	%

*** Important:**
Use whole numbers

You can choose a different investment strategy for your existing account balance and your future contributions, or you can elect the same strategy for both.

Until you make a choice to switch your investment option, your current super balance and future contributions will be invested in the Balanced option. This is our default investment option.

If you make a current switch, but not a future switch, your future contributions will be invested in the Balanced option.

*Ancillary members will be invested in the 'Balanced' option. All other members will be invested in the 'MySuper Balanced' option. Both options have the same objective and target asset allocation.
