Tax File Number*

* **Note:** We are authorised to collect your Tax File Number (TFN) under the *Superannuation Industry (Supervision) Act 1993*. We may disclose your TFN to another superannuation provider when your benefits are being transferred, unless you request to us in writing that your TFN not be disclosed to any other superannuation provider.

➡ Continued on next page

Declining to quote your TFN is not an offence, however giving your TFN to us will have the following advantages:

- we will be able to accept all permitted types of contributions to your account(s);
- other than the tax that may ordinarily apply, you will not pay more tax than you need to—this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits; and
- it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

Target Market Determination (TMD)

To ensure that CSC is keeping customers at the centre of our approach to the design and distribution of our products, a Target Market Determination (TMD) has been made for ADF Super, PSSap and CSCri. A TMD describes the types of customers a financial product is appropriate for based on their likely needs, objectives and financial situation (target market), and it establishes the conditions and restrictions in relation to how the product can be distributed to customers. The TMD also describes our reporting requirements, and events or circumstances where we may need to review the TMD. CSC TMD's can be found on our [website](#).
