Tax File Number

Under the *Superannuation Industry (Supervision) Act 1993*, CSC is authorised to collect, use and disclose your tax file number. We may disclose your tax file number to another superannuation provider when your benefits are being transferred, unless you request to us in writing that your tax file number not be disclosed to any other superannuation provider. Declining to quote your tax file number is not an offence, however giving your tax file number to us will have the following advantages:

- we will be able to accept all permitted types of contributions to your account/s;
- other than the tax that may ordinarily apply, you will not pay more tax than you need to—this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits; and
- it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

E Identification requirements

To confirm your identity, we require some information from you—this is to protect your benefit against fraud, money laundering and terrorism financing, under the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006*.

Verifying your documents

Identifying documents may be verified through the Document Verification Service (DVS). DVS is a national online system that allows approved government agencies and organisations to compare a member's identifying information with a government record. It is not a database and does not store any personal information. Requests to verify a document are encrypted and sent via a secure communications pathway to the document issuing authority for checking.

! If you don't provide authorisation to have documents verified electronically or your documents are incompatible with DVS, you will need to provide certified copies of required documents.* Please also refer to the section Certifying your documents.

* DVS is only compatible with some identification documents, these have been listed below.

An electronic copy of your identification documents will be stored in a secure environment and hard copies will be securely stored off-site. All copies will only be used for the purpose of confirming your identity. You need to send in identification with every application.

Certifying your documents

If you're providing certified documents, the certifying authority must confirm in writing you are the valid holder of the identification you are presenting, and any copies are true copies of the original.

! **Important:** The certification must include the name, signature, qualification and registration number of the certifying authority (if applicable), and the date of the certification. Note: we require a copy of both sides of your identification document.

The following sample of certifying authorities can certify your documents in Australia:

- Dentist
- Employee of a Commonwealth authority engaged on a permanent basis with five or more years of continuous service who is not specified elsewhere in this document
- Financial Adviser or Financial Planner
- Justice of the Peace (JP)
